## **Banff Lodging Co Update: Jasper Wild Fires and Evacuation**

An evacuation order has been issued for the townsite in Jasper National Park due to a wildfire situated south of the town. It is crucial to remain updated on developments regarding Banff National Park and properties under the management of Banff Lodging Co. As of now, Banff itself remains unscathed by nearby wildfires, and there are no reported threats to the townsite.

Our priority remains the safety and well-being of our guests and community members. We encourage everyone to stay informed through reliable sources for any changes or developments in the situation.

### **Cancellations**

Regarding cancellations, our standard policy remains unchanged. Reservations must be canceled by 4:00 pm MST, three days before arrival to avoid a penalty of the first night's room rate plus taxes. However, given the current circumstances with smoke-related health concerns, we are prepared to be flexible for guests with serious health conditions requesting cancellations. We aim to accommodate our guests while ensuring fair application of our cancellation policy.

### **Information**

Check Jasper National Park & Municipality Of Jasper Facebook pages for updates.
